EDUCATION

Princess Sumaya University for Technology
2020 - 2024

Bachelor's in Data Science & Artificial Intelligence
Participated in the Data Science Club as a PR team member. Organized musical events to engage students on campus. Graduated with Excellence.

WORK EXPERIENCE

AIESEC in Jordan
Jul 2025 - Present

National Head of HR & Organizational Development

- Built automated data systems and frameworks for member recruitment, performance tracking, and organizational growth.
- Developed national strategies to improve member experience, retention, and leadership development across local offices.
- Designed roadmaps and KPIs to align entity growth with AIESEC's global goals.

Egnite Solutions
Jul 2024 - Present

AI/Data Engineer

- Researched & built speech-to-text and text-to-speech models, along with fine-tuning in order to improve efficiency.
- Worked on backend development, designing and implementing new features, and integrating multiple microservices to ensure seamless system functionality.
- Attended client meetings to coordinate requirements and discuss timelines.
- Developed data engineering pipelines to generate a statistics dashboard based customer actions.
- Built ETL pipelines to generate internal dashboards in order to inspire data driven decisions.
- Worked with AWS EMR Serverless to schedule and execute large-scale data pipelines efficiently.
- Worked on fine tuning LLMs in addition to prompt engineering to improve LLM performance.
- Designed and developed REST APIs for both frontend consumption and inter-microservice communication, ensuring scalability and clean integration.
- Implemented and optimized database queries and vector search pipelines, improving retrieval-augmented generation (RAG) efficiency and lowering latency.

AIESEC in Amman
Feb 2024 - Feb 2025

Local Head of HR & Finance

- Led a total of 16 Team Leaders during two successful membership terms.
- Recruited a total of 114 members for the committee and helped develop onboarding strategies for different departments.
- Organized team-building events to enhance morale and cohesion.
- Collaborated with the executive board to align membership strategies with organizational goals.
